

Aluminium 1500

Product Type

Bright Plaster Aluminium single pack resistant paint is based on a special non yellowing light color resin.

Specific Charecteristic:

It possesses excellent characteristics, such as great leveling, high and constant gloss, an outstanding adherence for all surfaces due to its weather resistance, flexibility, durability and scratch proof surface. It is easy to use for masking.

Areas of Use

It blends over primed surfaces, such as corrugated sheeting, industrial fencing, pipes, tanks...as well as heaters and car pipes since it is a heat resistant.
